The MILLION POUND DIAMOND SALE

Unveiling our new
look for your new look

Hallmark Jewellers continue to evolve; constantly upgrading and reinventing our brand. We are hoping to entice new customers, and indeed our loyal existing customers, to appreciate their own 'gem' on the High Street. Our new frontage lights up the road and I promise you, you can now browse at our windows shielded from the elements thanks to our new canopy!

Our wholesale strategy has proved exactly right for our customers and business is booming. New stock is arriving all the time and our investment diamond sales continue to offer best prices offered anywhere. I source all my own conflict free diamonds and our loose certified stock makes it easy for upgrades or pure long term investment. By appointment, I am more than happy to work to any budget and assure you of the right stones for your needs.

We offer knowledgeable customer service and after 36 years in the business I am so very proud of where we are today with a reputation for honesty, quality, and choice.

Our new look website offers lots of imagery and information that will help you make the right decision for your needs or simply browse and make your own wish list. We don't offer online purchase as we enjoy the privilege of serving our customers individually, with time spent offering knowledge and assistance.

These are the reasons why I enjoy every day at Hallmark. I look forward to meeting you soon.
